

REDUCING OUR ENERGY BILLS TOGETHER

YORswitch is a Government-funded initiative set up to help the residents of Barnsley cut their energy costs, by joining together to switch energy tariffs and suppliers.

Barnsley Council and Berneslai Homes are working alongside other Yorkshire areas to pool together as many residents as possible to find lower energy prices.

By coming together as a collective, we can get the energy companies to offer their lowest prices to win our custom!

How does it work?

- 💡 Sign up to **YORswitch** by 9th April
- 💡 Remember to have YOR latest energy bill to hand so we understand how much fuel you use
- 💡 You will receive a personal offer showing how much YOR savings will be
- 💡 You have 30 days to decide whether to accept this offer or not - it's YOR choice, this is a **no obligation** scheme
- 💡 If you decide to accept, YOR details will be passed to the energy company, when an agreement will be completed to switch to them
